PROFESSIONAL SUMMARY

Computer Science student at Weber State University with hands-on experience in technical support and AI systems evaluation, CompTIA Security+ certified, and proficient in Python, Java, C++, and SQL. Targeting cybersecurity and software engineering roles at tech companies and government agencies.

EDUCATION

Weber State University <i>Bachelor of Science in Computer Science. (Online)</i>	Ogden, UT December 2026
Weber State University <i>Associate of Applied Science.</i>	Ogden, UT April 2025

EXPERIENCE

Technical Support Specialist <i>Weber State University</i>	December 2024 – Present Ogden, UT
• Provide phone, email, chat, and remote technical support to 50+ university users, resolving hardware, software, account access, and system-related issues. • Utilize ServiceNow to document, track, and manage support tickets, ensuring timely issue resolution and adherence to service standards. • Troubleshoot Active Directory user accounts, account unlocks, access verification, and user account maintenance. • Consistently resolve technical issues within targeted response times, minimizing user downtime and maintaining operational continuity. • Provide support for Windows and macOS devices, including device imaging, software deployment, account configuration, and troubleshooting in an enterprise environment.	
AI Analyst <i>Scale AI</i>	February 2024 – April 2024 Remote
• Evaluated AI-generated code outputs to identify inaccuracies and improve model response quality • Developed working knowledge of AI system behavior, model evaluation frameworks, and performance benchmarking	

PROJECTS

Home Lab Server
• Configured and deployed a home server using Proxmox VE, setting up virtualized environments for hands-on practice with networking, system administration, and security configurations
Canvas LMS Clone
• Collaborated with a team to design and build a functional replica of the Canvas learning management system, implementing core features including user authentication, course management, and content delivery

CERTIFICATIONS

- CompTIA Security+
- Programming Essentials Certification

AWARDS & HONORS

- Associate of Applied Science, Weber State University
- Associate of Science, Weber State University

SKILLS

Languages: Python, C++, Java, SQL, JavaScript, HTML, CSS
Concepts: Data Structures, Statistical Analysis, Problem-Solving
